Objectives

- For the team and individuals to delve deeper into what makes their team tick and keep them performing at a high level
- Designed to give teams the extended time and opportunity to re-connect with each other and the team's purpose
- To gain a deeper insight into individuals' strengths and gaps
- To afford the time for individuals within the team to shine and reflect
- The lengthy review session examines key themes that need addressing back in the workplace

Overview

- Teams explore their team vision; roles and objectives; team culture; recognition of their success; how to maintain momentum and team purpose, all individually designed around client objectives
- Task introduces time v risk, analytical thinking and negotiation skills, additional challenges are set to test creativity and problem-solving skills
- Task and behaviourally scored
- Extended review session is intended to stretch an individual's role and purpose within the team

Comments from clients

- "Excellent facilitators - tailored correctly for us. Not the usual development clichés fed to us"
- "I have done many team activities in the past but the Challenge has been the best in getting to the core of people's strengths very quickly"
- "Highly effective, very enjoyable 2 days"
- "That I can recognise the qualities that we have and the benefits that we bring to the team"
