Objectives

- Our aim is to provide you with Corporate Hospitality with a difference!
- Engage your stakeholders, clients, suppliers, agents, distributors, customer groups in a united team event
- Not only will they have an enjoyable and fun event but they will have a valuable learning experience and enable them to explore and discover a great city

Overview

- There are times when emails are not enough and you need to meet your key people away from the task driven environment. Challenge Collaborate provides the opportunity for everyone in the group to get to know each other better in an informal structured environment
- The game process reinforces to everyone key team skills as communication, co-operation, leadership, planning, time management skills, problem-solving, listening and awareness skills
- No one stands and watches! Everyone is involved, both intellectually and physically

Comments from clients

- “The feedback from both our own staff and clients was that it was very enjoyable and definitely enhanced our clients' views of our team and company.
- “It was well organised, different and very enjoyable”
