Objectives

- Our aim is to provide you with an enjoyable challenging and fun event. Urban orienteering meets unusual activities!
- This Challenge has been specifically developed to offer your teams a chance to learn together and have enjoyment as **ONE** team

Overview

- Everyone works together in a wacky non-competitive task focused event
- An unusual combination of practical, cerebral and creative team tasks which reinforce the key elements of effective team working
- The team works collectively together to solve the secret of the mystical vault and thereby unlock its secrets!
- Effective communication, co-operation, planning, time management skills and listening skills are required

Comments from clients

- "Possibly the best exercise for team building I have participated in. This was because it required everyone to be interactive!"
- "Fun, enjoyable. I think we all had a good day that taught some good theories. Many were things that I had heard before but the way they were projected gave the ideals much more reality"
